Building Dreams With Vision

Il volo instrumentale

La vite aerea

La vite aerea

**Welcome to the da Vinci store**

Leonardo da Vinci was one of the greatest inventor-scientists of recorded history. Many of his early works like the da Vinci [flying machine](#) and da Vinci [air screw](#) sparked others creative genius.

In the spirit of Da Vinci's creative, analytic, and visionary inventiveness, we bring to you these **wood model kits** - historical, scale reproductions of objects from the early years of modern technology.

*"The great bird will take flight above the ridge... filling the universe with awe, filling all writings with its fame..."*

**Leonardo on manned flight.**

The recreation of Leonardo da Vinci's elusive flying machine in this historically accurate, museum calibre hand-made wooden model kit would be a welcome addition in any home or office.

Along with hand cut and selected materials, the builder is provided with a detailed instructional text including 117 illustrations as well as a limited edition poster.

**The kit includes:**
